## REPORT

April 2025

# Assalamu alaikum!

Ramadan 1446 was a month of worship, global generosity and, unfortunately, some sorrow. Across borders and crises, your compassion helped us reach those in desperate need - from war zones to refugee camps, from besieged cities to forgotten villages.

With every donation, you shared in the burden of the Ummah. In Gaza, our teams worked under fire. In Al-Aqsa, meals were served to worshippers. Around the world, your giving brought food, water, and comfort to those who would have otherwise gone without.

The following report is a testament to what our Ummah can achieve when we come together and to the mercy that still lives in our hearts. May every action be accepted, and may we carry this spirit beyond Ramadan.

## Thank You for Standing With Us

As this blessed month departs, we thank you for your generosity and your trust, your prayers, and your unwavering belief in a better world.

Every meal shared, every gift delivered, every drop of water poured - it all began with your intention to do good.

But our work isn't done. The struggles continue, and so must our compassion. May the spirit of Ramadan stay with us - in our giving, our advocacy, and our service to others - until next Ramadan and beyond.

From all of us at MAA, Jazakum Allahu Khairan.
